

United States Power Squadrons® Pamlico Sail & Power Squadron

2020 Annual Report

The coronavirus pandemic has impacted everyone from our families, to our businesses, to our healthcare workers and first responders who are bravely on the front lines. Fortunately we are obtaining daily updates, guidance on how to protect our families, how to prepare and limit exposure to others by remaining home as much as possible. Similar to many other businesses and organizations, we did our part and followed our county, state and federal requirements for a return to normalcy.

The Pamlico Sail & Power Squadron Annual Change of Watch planning went down a rocky road this spring. Weather impacting the initial date and then the COVID-19 pandemic. After conferring with District 27 officials, Commander Kay Graham cancelled the 2020 Change of Watch and asked our membership to vote for our nominated slate via electronic email on March 15, 2020. This was accomplished in March over a week long period of responses and we were happy to report the following election results for the 2020 Watch Year.

2020 Bridge Officers

Commander – Kay Graham, S

2020 Nominating Committee for 2021 Watch Year

Sharon Alligood, S – Chair
Chris Young, S
Open

Note: The 2020 budget was approved at the February Executive Committee Meeting, but not by the Membership at large.

Unfortunately the stay at home direction from the CDC, county, state and federal requirements lasted throughout 2020 and into the first quarter of 2021. Fortunately, the health and well-being of our membership was preserved taking these steps.
